

November 24th, 2009

On behalf of Field of Hopes we would like to thank the following people for their generous donations:

Rafael Ponce

Your donation of sports equipment will help children play baseball or own a ball or other items.

This support will develop their mechanics necessary to enhance their baseball skills.

Jessie Marrero

Your charitable contribution of new clothing apparel for youth, women and men will enable them to “dress for success” and/or feel comfortable playing a game.

Bobby Hoffman

Your donation of a safe storage space will make it possible to provide these items.

David Beck

Thank you for FOH creative and professional web page design.

Their commitment to helping and improving the lives of children by supporting athletic programs in poverty stricken areas within our community and abroad is sincerely appreciated.

Each year Field of Hopes continues to advance its mission seeking to stimulate personal growth through sponsorship by providing much needed athletic and school supplies to the children participating in these targeted baseball leagues. Through our organization we have seen many lives changed for the better. The goal of FOH is to continue to make a difference. With the help of donations from supporters we will continue to see improvements.

Thank you again for your generous support of our efforts in providing a better standard of living through baseball.

Best wishes,

FOH Board Member
